

INX Locations and Information

We currently operate three Internet Exchange Points, one in each of the 3 largest economic centres in South Africa.

Within each city, each INXes is multisite; ie. **you can connect to all peers from any of the locations**, at no extra cost, or complexity. That leaves you, to choose a data-centre that best suits your business needs, whilst still getting the benefit of being able to peer with operators from all the other participating sites. So, within a city, you just need to find the data-centre that works best for you!

The INXes do **NOT** connect to each other (ie. CINX does not connect to JINX nor DINX, etc).

	Site 1	Site 2
Johannesburg (JINX)	<p>JINX Parklands (PKL) 7-9 Keyes Avenue, Rosebank, Johannesburg</p>	<p>JINX Samrand (SMR) 21 Landmarks Avenue, Samrand, Johannesburg</p>
Cape Town (CINX)	<p>CINX Bree Street (BRE) 34 Bree Street, Cape Town CBD, Cape Town</p>	<p>CINX Diep Rivier (DPR) 112-115 De Waal Rd, Southfield, Cape Town</p>

Durban, (DINX)

DINX Umhlanga (UMH)
314/317 Umhlanga Rocks Drive,
Umhlanga, Durban

DINX RiverHorse Valley (RHV)
Riverhorse Cl,
Newlands East, Durban

Shipping to the INXes

Shipping to the INXes is trivial. We do ask that you contact our ops team in advance so that they can work with you to ensure that this is done smoothly.
