

INX Locations and Information

We currently operate four Internet Exchange Points, one in each of the 4 largest economic centres in South Africa

Within each city, each INXes is multisite; ie. **you can connect to all peers from any of the locations**, at no extra cost, or complexity. That leaves you, to choose a data-centre that best suits your business needs, whilst still getting the benefit of being able to peer with operators from all the other participating locations. So, within a city, you just need to find the data-centre that works best for you!

The INXes do **NOT** connect to each other (ie. CINC does not connect to JINC nor DINC, etc).

Durban, (DINX)	<p>DINX Umhlanga (UMH)</p> <p>314/317 Umhlanga Rocks Drive,</p> <p>Umhlanga, Durban</p>	<p>DINX RiverHorse Valley (RHV)</p> <p>Riverhorse Cl,</p> <p>Newlands East, Durban</p>
Nelson Mandela Bay, (NMBINX)	<p>NMBINX Newton Park (NWT)</p> <p>Block B, 3rd Floor Mutual Place</p> <p>Cnr. Cape and Langenhoven Roads, Greenacres,</p> <p>Gqeberha</p>	

Shipping to the INXes

Shipping to the INXes is trivial. We do ask that you contact our ops team in advance so that they can work with you to ensure that this is done smoothly.
